### INSTRUCTIONS

Line a 9x13 pan with aluminum foil, allowing foil to overhang the pan. Beat together chocolate pudding mix and milk until completely combined, as directed on package. Pour pudding into lined 9x13 pan and spread in a smooth layer. Beat together cream cheese and marshmallow creme until smooth. Fold in cool whip. Spread this mixture on top of the pudding, smoothing top. Cover with foil or plastic wrap and freeze for 4 hours or until firm. Using foil, remove frozen pudding/marshmallow from the 9x13 pan. Use a long knife to cut into squares the same size as graham cracker halves, then sandwich between two graham cracker halves. Serve immediately or store in a plastic bag in the freezer.
